Information Age Publishing, United States, 2008. Paperback. Book Condition: New. 232 x 154 mm. Language: English . Brand New Book ***** Print on Demand *****.This book is intended to help you enhance your common sense (your intuitive decision making skills) as well as your critical thinking skills (your rational planning and decision-making skills). A big claim, to be certain, but undoubtedly a valid one. As you are aware, your common sense, and with it your ability to make many decisions almost intuitively with minimum thought, is vastly better today than it was when you were a teenager. Experience and learning that translated itself into better judgment and reasoning ability, accounts for this change. More precisely, new knowledge led to thought habits that became so solid that you spend hardly a moment on decisions to which they apply. That is how common sense and judgment mature. Practicing the relatively simple formula that this book offers, and developing the habit to apply it regularly, will help you take another quantum step toward a higher level of common sense and intuitive reasoning when you develop plans and make decisions. At the same time, the book will provide you with tools that will sharpen your ability to think about work and personal decisions you are facing from a more comprehensive perspective than you are probably doing now. In addition to helping with plans and decisions, the book will show you how to be an more effective leader. If you manage anything, with or without staff, are preparing for managerial responsibilities as a college student, or if you seek to take a managerial career track, this book can be of significant use to you. It does not matter whether your career is in business, non-profit organization, or government, in health care, retail, engineering, or transportation,...
