Brand New Book ***** Print on Demand *****.Excerpt from Cote Method Secretarial Shorthand: Part I. The Amanuensis Course; Part II. Continuation Studies for Teachers, Secretaries and Reporters The text is a modernized, simplified and practical presentation of Graham-Pitmanic shorthand; a system capable of the highest speed, entirely legible and, as here presented, easily learned with a fair degree of application and perseverance. Following are some of its special features: 1. It is arranged to meet the needs of a short course, and also the demands of an advanced course; 2. Principles and word-signs are given only a few at a time and these are immediately applied in general practice; 3. The character of the practice matter makes it convenient and profitable to organize students into dictation classes early in the course; 4. Position-writing is taught from the beginning; 5. Unimportant vowels are omitted early, but accented vowels and semi-circles are retained to the end; 6. Long or characteristic outlines of the first and third positions are generally placed on the line of writing; 7. The Movement Exercises consist of special directions for speed practice accompanied by select sentences that are to be written, first as tests of the student s progress, and again as special practice matter for developing skill and speed.
