The Buildings of Frank Lloyd Wright at Florida Southern College

By Randall M MacDonald, Nora E Galbraith, James G Rogers

Arcadia Publishing (SC). Paperback / softback. Book Condition: new. BRAND NEW, The Buildings of Frank Lloyd Wright at Florida Southern College, Randall M MacDonald, Nora E Galbraith, James G Rogers, As small Florida Southern College embarked upon an ambitious building program in the 1930s, the serendipitous arrival of Frank Lloyd Wright transformed the future of the school. Pres. Ludd Myrl Spivey was a leader with limitless imagination, and he realized the virtue in bringing an architect of Wrights renown to Lakeland. Wrights first visit to the lakeside campus was in 1938. He envisioned a grand 18-unit Child of the Sun campus, where buildings would grow from the Florida sand into the light. The buildings are especially suited to the landscape and are connected thematically by a series of covered walkways Wright called the Esplanade. Over the next 20 years, 12 of these unique structures were constructed at Florida Southern, and today they comprise the worlds largest single-site collection of Frank Lloyd Wrights work. The campus attracts thousands of visitors annually, and preservation and restoration projects are ongoing. The Florida Southern College Architectural District was placed on the National Register of Historic Places in 1975.

Reviews

Excellent electronic book and helpful one. Better then never, though i am quite late in start reading this one. You wont truly feel monotony at whenever you want of your time (that's what catalogues are for relating to when you question me).

A top quality publication and also the font employed was interesting to learn. It is really simplistic but excitement within the fifty percent from the book. Its been designed in an remarkably basic way in fact it is only following i finished reading this pdf where in fact changed me, modify the way i believe.
