It is one of my personal favorite ebooks. It really is filled with wisdom and knowledge I discovered this book from my dad and I recommended this book to discover.

Sentient Publications, United States, 2008. Paperback. Book Condition: New. 190 x 122 mm. Language: English . Brand New Book. A profoundly funny romp through religion, spirituality, and the contemporary clash of cultures of belief, with special attention to the human obsession with knowing what can't be known. Nosirrah provokes just about everyone as he describes a world where God is on the run from Islamic extremists, the Pope announces he shares a bed with Richard Dawkins, and Buddha's son disappoints by getting enlightened instead of becoming a doctor. To say this novella is strange might give the reader a way to relate to it, but in fact, nothing will shift the burden away from the reader. In its pages, the world is bent around the reader's mind until either the mind itself begins to bend, or indeed, breaks. A book without plot, characters, structure, or obvious purpose, this is an endless descent into the netherworlds of a dystopian mind. If a thousand monkeys typing endlessly would eventually produce all great works of literature, then *God Is an Atheist* is their first draft.
