This terminal is to serve the Pennsylvania Railroad, which approaches from the west under the Hudson River, and the Long Island Railroad, which approaches from the east under the East River. The preparation of this site included the demolition of several hundred buildings. It practically meant the dispersion of a community whose population would be the equivalent of some of our smaller cities. The work of excavation called for the removal of nearly 3,000,000 cubic yards of material, mostly rock, and the construction of about one and one-half miles of heavy concrete retaining walls. The prosecution of the work necessitated the supporting of streets, including three main north and south avenues carrying the city s heaviest traffic; the closing up of Thirty-second Street between Seventh and Tenth Avenues; the removal, care and support of miles of water, gas and fire...
